

REFLECTIONS (VERSION 14)

Implementation by Aug 1st, 2008

PASSWORD Changes:

Fiscal Users:

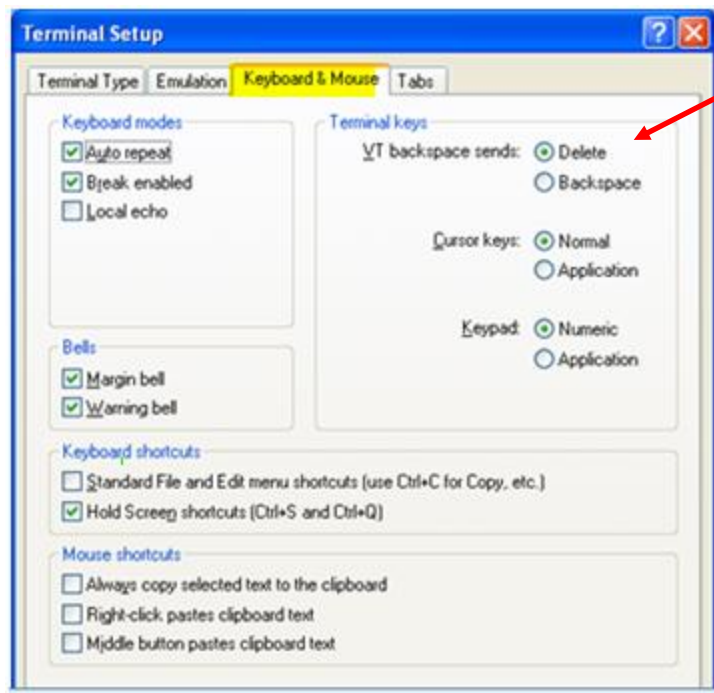

Go into USASWeb>Log In
Select - Utilities > Select - Change Password
Enter > User Name
Enter > Current Password
Enter> New Password
Verify> New Password

If this does NOT work for any reason, please let us know. fiscal@neonet.org
This is a temporary work-around. We will continue to look for the permanent fix.

Non - Fiscal Users:

Go to the following URL <https://reflections.neonetda.org/rweb>
Select RUN
Select either Standard Keyboard (PC) or MAC Keyboard (whichever one you are on)
Log in as normal
The session will tell you your password has expired
Enter>User name
Enter > Old password
The system will request your new password
Verify the new password
Your password has been changed when you see your normal screen after logging on the system
Exit from your Reflections Web Session
Log back on Reflection using your New Secure Version of the program

Backspace Fixes

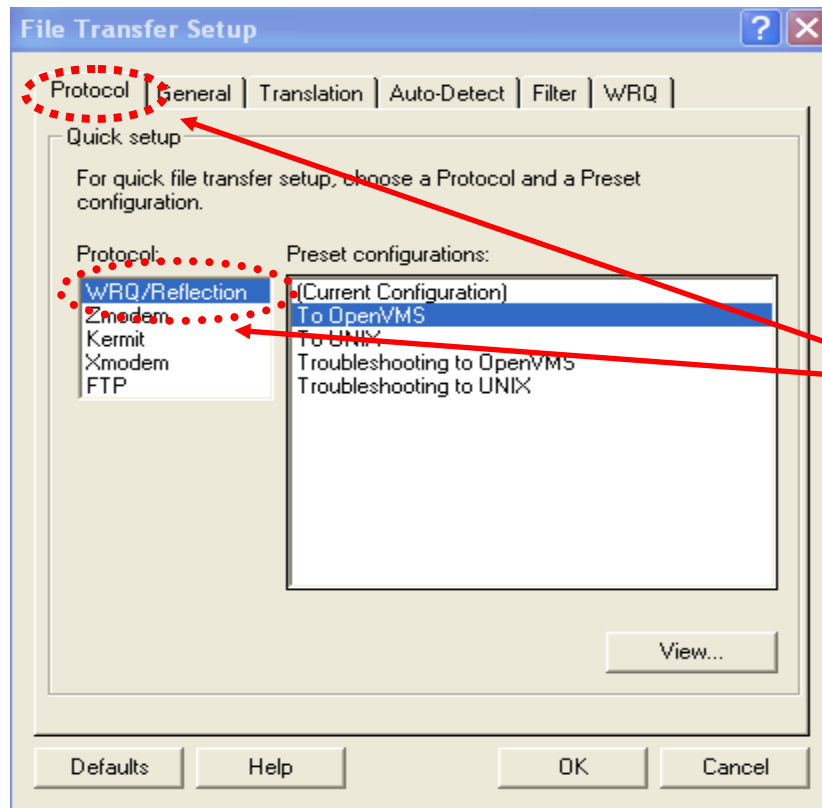

Change from backspace
to **DELETE**

- Setup (from menu at top of Reflections)
- Select Terminal
- Keyboard
- Terminal Keys (right side of screen)
- VT backspace sends:
 - Change from Backspace (default) to Delete
- **Be sure to save these changes before leaving screen. Click on: File>Save (Top Left)**

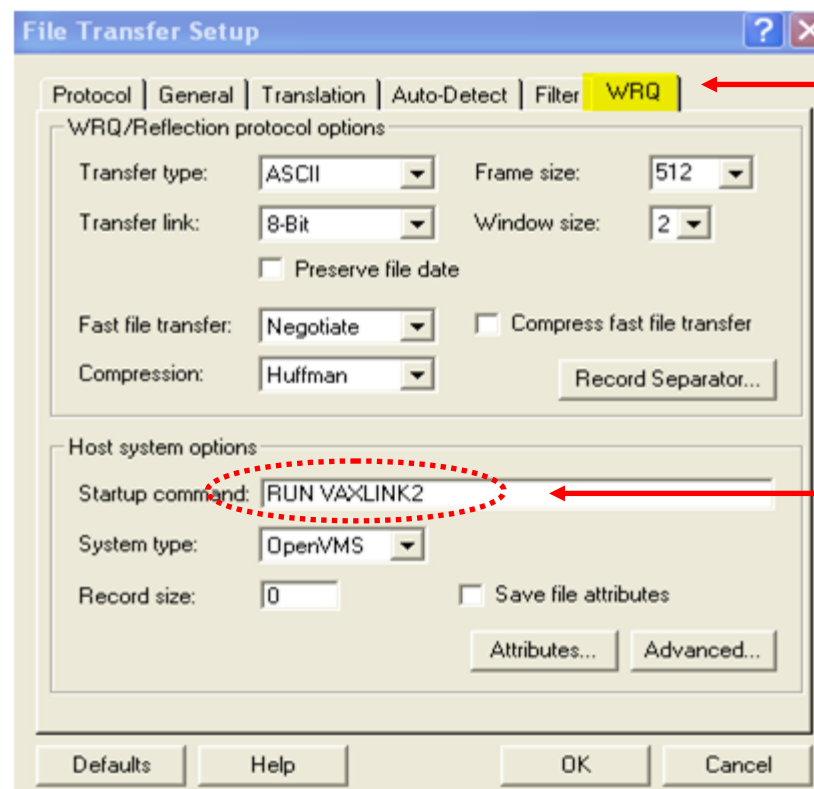

FTP (File Transfer)

Go into File Transfer in reflections

Click on **Setup** in File Transfer

Verify Protocol is set to **WRQ/Reflection**

Then go to the **WRQ** tab

Change Run **VAXLINK2** to **VAXLINK**

Be sure to save these changes before leaving screen. Click on: File>Save (Top Left)
